1. STATEMENT OF INTENT

- 1.1 The Governors of Palmers Green High School recognise that under the Health and Safety at Work etc Act 1974 they have a legal duty to ensure, so far as is reasonably practicable, the health, safety and welfare of all their employees and that they have certain duties towards pupils, the public and people who use the premises of the School from time to time, these duties being implicit in the above Act.
- 1.2 The Governors of Palmers Green High School accept these duties and it will continue to be their policy to promote standards of health, safety and welfare that comply fully with the terms and requirements of the above Act, Regulations made under that Act and Approved Codes of Practice. It is considered by the Governors of Palmers Green High School that health and safety is a responsibility at least equal in importance to that of any other function of the School.
- 1.3 The Governors of Palmers Green High School will take all such steps as are reasonably practicable to meet its health and safety objectives, which are:
 - 1.3.1 The creation of an organisational structure, as set out in paragraph 2, and a positive health and safety culture which supports risk control at all levels within the School, particularly at Senior Management level;

 - 1.3.3 To maintain safe and healthy working places and systems of work and to protect all employees, pupils and others including the public in so far as they come into contact with foreseeable work hazards;
 - 1.3.4 To provide and maintain a safe and healthy teaching environment for all employees and pupils with adequate facilities and arrangements for their welfare;

- 1.3.5 To provide all employees and pupils with the information, instruction, training and supervision that they require to work safely and efficiently. Relevant information will be disseminated to staff as appropriate;

- 1.3.7 To provide a safe environment for all authorised visitors to the School's premises bearing in mind that these visitors may not necessarily be attuned to certain aspects of the School's environments;
- 1.3.8 To control effectively the activity of all outside contractors when on School premises. It is the intention of the Governors of Palmers Green High School that, apart from routine supervision and control of contractors, this aim will be achieved in part by demanding copies of contractors' Safety Policies at the Tender stage, where appropriate;
- 1.3.9 To encourage full and effective two-way consultation on health and safety matters by utilising the management structure of the School and the committees already existing;
- 1.3.10 To use health and safety to preserve and develop human and physical resources and hence contribute to the School's performances;
- 1.3.11 To ensure that this Policy is used as a practical working document and that its contents are publicised fully;
- 1.3.12 To regularly, and at least annually, scrutinise and review performance and the details of this Policy so that the School learns from experience and keeps in line with changes in current legislation.
- 1.4 The Governors of Palmers Green High School are committed to providing adequate resources to ensure its health and safety objectives and this Policy are met.
- 1.5 The School is conscious of the external environment that may be effected by its activities and will pay full regard to the implications of the Environmental Protection Act 1990 and, in particular, the Duty of Care as regards waste.
- 1.6 The Governors of Palmers Green High School are aware of, and will meet, the requirements under the Independent School Standards.
- 1.7 The Governors of Palmers Green High School recognise the Health & Safety Executive guidance contained in 'Sensible Health & Safety Management in Schools – The Role of School Leaders'.

- 1.8 The School will provide and maintain written Risk Assessments of the risks to the health and safety of its employees whilst they are at work and others who may be affected, as required by the Management of Health and Safety at Work Regulations 1999.
- 1.9 The Governors of Palmers Green High School recognise the good practice contained in 'Health and Safety Advice for Schools', prepared by the DfE and intends to follow the recommendations it makes.
- 1.10 The Governors of Palmers Green High School consider that this Health & Safety Policy is an integral element of the overall School's Development Plan and other resources policies.
- 1.11 The Governors of Palmers Green High School have appointed Owen David Risk Management Limited as one of its Competent Persons to provide the necessary legal, technical and practical health and safety assistance and information and also to provide an independent monitoring service of the activities of the School.
- 1.12 This Policy will be brought to the attention of all employees and periodically reviewed and revised as necessary.
